

Catcoin PoE - Beta Testing Instructions (v4)

Welcome to the Beta Testing program for Catcoin PoE! We appreciate your help in making our app the best it can be. This version includes the new **CatCoin Runner** game engine.

1. Getting Started Installation

- **Android (Google Play):** [Download Here](#)
- **iOS:** (Currently unavailable)

*Note: Please ensure you are on version **1.3.11** or higher.*

2. What to Testing CatCoin Runner (New Feature!)

Explore the side-scrolling runner game and verify the following mechanics:

- **[] Core Movement:** Tap the screen to jump. Verify responsiveness.
- **[] Coin Collection:** Collect 'Catoshi' coins. Ensure the counter in the HUD updates immediately.
- **[] Obstacles & Enemies:** Verify that hitting an obstacle or enemy triggers the "Game Over" screen.
- **[] Powerups:**
 - **Turbo:** Collect coins to fill the Turbo Meter. Tap the meter when full to activate high-speed invincibility.
- **Magnet:** Pick up the Magnet powerup and verify it pulls coins toward you.
 - **Shield:** Pick up the Shield and verify it absorbs one hit from an enemy.
 - **[] Economy:** Check if your "Total Catoshi" in the main wallet updates after a game session ends.

Leaderboard & Awards

Verify how you rank against other miners:

- **[] Global Rankings:** Check if you can see the top miners and your own position (highlighted in orange).
- **[] Country Flags:** Verify that user flags (or a globe icon) are displayed correctly.
- **[] Awards Room:** Tap the trophy icon in the top right to enter the Awards Room. Verify it loads correctly.
- **[] Pull to Refresh:** Pull down on the leaderboard list to refresh the data.

Authentication & Profile

- **[] Sign In/Up:** Test the email verification flow.
- **[] Streak Tracking:** Verify the "Days Held" streak incrementing correctly (requires daily check-in).

Missions & Rewards

- **[] X (Twitter) Missions:** Connect your X account and complete "Follow", "Like", or "Repost" tasks.
- **[] Telegram Missions:** Join the official channel and verify the mission status updates to "Completed".
- **[] Daily Rewards:** Claim your daily check-in bonus.

3. How to Report Feedback

Standardized feedback helps us fix issues faster. Please use the template below.

Tester Feedback Card

Copy and paste this into your report:

--- TESTER FEEDBACK ---

Device: [e.g., Pixel 7 / iPhone 13]

OS Version: [e.g., Android 14]

App Version: 1.3.11

[] BUG: I found something broken.

[] SUGGESTION: I have an idea to improve the app.

[] PERFORMANCE: The app feels laggy/slow.

DESCRIPTION:

[What happened? / What is your idea?]

STEPS TO REPRODUCE (if bug):

1. Open the app...

2. Tap on...
 3. Observed result: ...
- END ---

Reporting Channels:

- **Play Store:** Use the "Contact Developer" or "Testing Feedback" button.
- **Email:** catcoin2013@gmail.com- **Discord:** Post in the #beta-feedback channel.

Thank you for helping us build the future of Catcoin!
